### Words of Wisdom

Yesterday I was clever  
That's why I wanted to  
change the world  
Today I am wise that is  
why I am changing my-  
self.

~

Choose a job you love  
and you will never have  
to work a day in your  
life!

#### A message from Tina..

Well a sense of warmth is finally tapping at our doors—hello Spring, how nice it is to know that we can put the days of winter behind us and look forward once more to the temperate climate of Spring.

Here at Hygiene House a few changes have taken place within our staff. We welcome on board this month Lauren Bielby who will be working on business development. Lauren has two small children and will initially be working on a part time basis. We farewell Linda our Office Manager and Laura our Accounts Assistant in the next two weeks who are off to pursue other interests. Vicky Jenkins is our new Office Manager and comes with a wealth of experience and knowledge we look forward to working with both Vicky and Lauren and we know they will both be valuable assets to our team.

In this newsletter you will see we have quite a few new products to share with you.

Here's a thought....

Observe a plant before and after watering and relate these benefits to your body and brain!

*A daily hit of athletic dash induced endorphins gives you the power to make better decisions, helps you be at peace with yourself and offsets stress.*

### GOJO TOUCH FREE FOAM SOAP DISPENSER

*The future of hand hygiene is touch free...*

Combining luxury and convenience with a gentle hand wash for frequent use. The luxurious Foam Soap Formula from GOJO is so gentle on the skin, and it helps support compliance with good hand washing practices.

GOJO TFX is a Touch-Free, trouble free dispensing system. The dispenser automatically dispenses the perfect amount of foam soap needed for hand washing in just one shot with nothing for the user to touch.

The system holds a large 1200 ml refill, delivering over 2000 hand washes while the dispenser features a skylight with an extra large site window that makes it easy to see when it's time to reload.

*GOJO Touch Free Dispensing Systems...*

*So Advanced, Yet So Simple*

## NEW NON TOXIC LAUNDRY LITE BALLS & PELLETS

With the Laundry Lite laundry ball you can leave out the chemicals from your washing cycle and avoid the residues that harm our environment.

The Laundry Lite laundry ball does not contain toxic bleaches, fillers, optimizers, brighteners or enzymes. Simple to use—place the ball into your machine. The ball will last for over 1000 washes—and you only need to replace the pellets approx every 85 washes. Extremely economical!

Laundry Lite Ball—\$21.85 excl gst (Around 8c a load)

Laundry Lite Pellets 30g—\$5.55 excl gst

For more information, phone Customer Services on 0508 494 436

## NEW MINISTRY OF HEALTH GUIDELINES FOR SANITISING IN EARLY CHILDCARE CENTRES

The Ministry of Health has made available to the DHB's the option to use a reduced strength chlorine solution on nappy change mats of 0.1%W/W. The reduced strength will minimise the effects of skin irritation and clothes bleaching that results from contact with chlorine.

To facilitate this process, Hygiene House has produced a new Sanitiser Sachet formulated to the correct strength of 0.1%WW. These sachets will have a grey & red label. The 0.5%WW will continue to be identified by a blue label, and is to be used for all other sanitising duties.

For more information please contact Customer Services on 0508 494 436 or email [sales@hygienehouse.co.nz](mailto:sales@hygienehouse.co.nz)
